Mitchell Estimating

Labor Database

Mitchell has been collecting collision repair data for over 60 years.

Our Gold and Platinum I-CAR and OEM Certified Editorial Team uses time studies to validate our labor times—a more trustworthy method than relying on third-party data providers. Mitchell's Editorial Team provide our customers with quick response time to inquiries and updates.

Parts Databases with Daily Updates

Mitchell Estimating is the only estimating system that has the **ability to deliver online parts price changes on a daily basis**. This ensures that your estimates are accurate right from the start. Your estimators can obtain daily OEM parts pricing and weekly aftermarket updates Mitchell offers comprehensive parts databases.

- OEM parts database
- Mitchell MAPP™ (Mitchell Alternate Parts Program)—which offers access to alternate parts from over 3,000 aftermarket parts suppliers
- Mitchell QRP™ (Quality Recycled Parts)—providing access to over 70 million salvage parts for use in estimates

"When it comes to writing the best estimate possible, Mitchell Estimating is hands down my favorite. Clear, easy to read repair lines. Great P-pages. The automated calculations, auto-includes and auto-prompts really help. And whenever a repair question comes up, Mitchell's editorial support is a quick phone call away."
