Auto Physical Damage

CARSTAR National Conference

Event Details

Start: July 13, 2022 @ 8:00AM MST On-Demand End: @ On-Demand

The CARSTAR National Conference 2022 is an event hosted by North America's largest premier network of independently owned and operated collision repair facilities. Coming back in person for the first time in two years, the CARSTAR National Conference includes a three-day program featuring strategic planning, financial management, operational improvements, technical education sessions, panel discussions, motivational speakers, a vendor expo, and much more! Located in Nashville, the city has much to offer its visitors, from its cuisine to its business to its entertainment, serving as the perfect backdrop for this iconic event.

Be sure to check out Mitchell, an Enlyte Company, at booth #125 for all of our latest collision repair technology solutions designed to manage everything from estimating to calibrating.
