Auto Physical Damage

CIECA Connex Conference 2024

Event Details

Start: September 24, 2024 @ 1:55PM MST On-Demand End: September 25, 2024 @ MST On-Demand
Location:

Stakeholders across the collision industry are gathering at the Connex Conference to celebrate CIECA's 30th anniversary and explore "The Intersection of Data & Mobility." The field is undergoing significant transformation with the rise of new technologies like ADAS and EVs—driving the need for a deeper understanding of these advancements. At the conference, participants will have the opportunity to engage in discussions and presentations about these innovations, followed by a tour of the American Center for Mobility.

Mitchell is continuing its long-standing support of CIECA as a Silver Sponsor for the Connex Conference. Abhijeet Gulati, Mitchell's Head of AI and Senior Director of Engineering, will also participate in a panel discussion on artificial intelligence and the consumer experience during the event.
