Auto Physical Damage

Southeast Collision Conference 2025

Event Details

Start: May 1, 2025 @ 8:00AM MST On-Demand End: May 3, 2025 @ MST On-Demand Location:

This year, the Southeast Collision Conference—co-hosted by the Carolinas Collision Association (CCA) and the Washington Metropolitan Auto Body Association (WMABA)—immediately follows the Collision Industry Conference (CIC) Q2 meeting. With over 50 vendors and a robust educational program covering critical topics from ADAS to AI, the conference is set to deliver valuable insights, networking opportunities and a glimpse into the future of collision repair.

Don’t miss Mitchell’s booth at SCC to explore our innovative technology solutions designed to enhance your facility's ability to deliver proper, safe, and efficient vehicle repairs. From estimating to diagnostics, shop management and more, our comprehensive offerings can support nearly every aspect of your collision repair business.
